Reference GoBD/ GDPdU Interface

- One integrated solution, including software, technical advice, installation and training
- PC solutions; no server installation
- Includes an interface to the IDEA® audit software
- Full integration into the E-Business Suite
- (EBS Release 11i und Release 12)
- PDG GDPdU solution has been successfully deployed by more than 90 customers

„…a few minutes ago I talked to the manager of our finance department in Berlin. Thanks to the PDG GDPdU AddOn, our recent tax audit has been completed without any issues. The auditor was pleasantly surprised. We did not expect that the data would be so competently and well-prepared using Oracle EBS. Therefore I would like to thank you and your entire team personally once again for the outstanding support …..“

Michael Bendini, Vectron International

References

- European Roll-out of numerous Oracle E-Business Suite modules in Germany and Italy
- Migration of large master data from legacy systems in the new EBS Modules.
